Hello, my name is Jonathan Long, and I am your success coach! I am here to help you identify and achieve your personal educational goals. You can think of me as a constant resource for information while enrolled in your online classes.

I graduated with a Bachelor of Science in Education from the University of Memphis in 2011. I also received a Master of Arts in Intercultural Communication from Southern Baptist Theological Seminary in 2015. I understand the challenges that face students pursuing higher education and can empathize with the difficult decision of finding a degree that best fits the needs of your desired career path.

Right now, I am a passionate about food. I have to have a burger a week. If you know where the best burger is in town, then please I would love to discuss this further with you. I also am currently house hunting and trying to find a place to build a family. I love to read, drink coffee, play golf, and cheer on my Memphis Grizzlies.
