Note

It is suggested you leave this field checked.

Note

Click the i inside the blue circle to access help.

Field	Description
Enable multiple journals	One journal is the default setting for this option, but you may check this field if you would like separate journals for each course.
Maximum tags in a cloud	A tag cloud will appear when you add tags to files or pages. This limits the number of tags that will show in the field.
Homepage information	The default option is checked. Information about how to use Mahara will display on your Dashboard page when it is checked.

Term

Tag cloud: This is a visual representation of the tags in your profile. The larger a tag, the more often it is mentioned.

(Example: “Note” and “term” could be tags used in this User Guide. Note would be bigger because it has been used more often.)

It is called a cloud because it is usually displayed as a grouping of words in one clump, like a cloud.

Note

It is suggested you leave this field checked.

3. Notifications tab

Step	Screenshot
1. Click the Notifications tab.	
You will see the Notifications page.	
2. Once you have made your changes, click Save .	

Note

If you have disabled e-mail in the **Settings** tab, you will see a message across the top of this tab alerting you that sending e-mail has been disabled.

Note

All types of events listed above have the same three options:

- **E-mail:** You will receive an e-mail each time the event occurs.
- **E-mail digest:** each day with a list of the activities in the last 24 hours at your primary e-mail address.
- **Inbox:** Your Mahara notifications area will display a list of activity notifications received.

Notifications i

If you select either of the email options, notifications will still arrive in your inbox, but they will be automatically marked as read.
