# Moodle 2.2 Student User Guide Logging In

## Logging In

### From the Login Block

Step	Screen shot
1. Click once in the <b>Username</b> field. You'll see a cursor (or blinking line) in the field which means you can start typing.	
2. Type your username.  This will be given to you by your school.	
3. Press Tab on your keyboard once.  The cursor will jump to the <b>Password</b> field.	
4. Type in your username.  This will be given to you by your school.	
5. Click Login or press Enter on your keyboard.  The Home page will appear again but new blocks will be added and the <b>You are not logged in</b> block will have changed to <b>You are logged in as (Your name)</b> .	

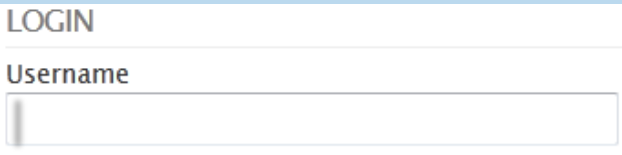

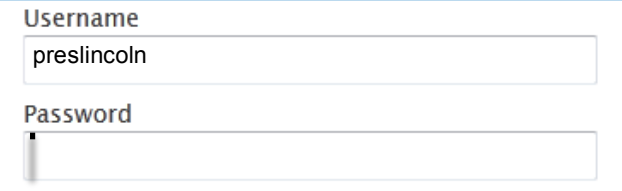

### Note

Your password will not display in letters and numbers. You will either see circles (like the example) or possibly stars (the asterisk). This is for password security.

## From You are not logged in

You can also log in using the **You are not logged in** block.

Step	Screen shot
<p>1. Click <b>Login</b> next to <b>You are not logged in</b>.</p> <p>You will see the <b>Returning to this web site?</b> page.</p>
